CE Declaration of Conformity

We Spraymation Inc. declare that the industrial equipment products listed below:

**305134, 305146, 305711, 305972, 305997, 306218,
306441, 307018, 307032, 307072, 307144, 307294**

and 307951 are cold, air operated, medium speed fluid dispensing valve used to dispense fluids in industrial applications using compressed air to atomize the fluid. The various models have different flow characteristics and different sizes of atomized spray patterns.

See specific BOM and GR 305134 and specific assembly drawing for full installation and operating instructions.

This item conforms to the following standards, directives or publications:

Standard	Date	Standard Title
2006/42/EC	2006	Machinery Directive
EN-982	2009	Safety of Machinery - Hydraulics
EN-983	2009	Safety of Machinery - Pneumatics

Spraymation is registered ISO9001:2008 by LGA, certificate #QM_1891492 that expires on 1/12/2013.

CE mark is displayed on this item.

Design and Safety data are complete for this item, have been reviewed, are current, and conform to the standards and details listed above. The manufacturing and testing documents support and will maintain the indented design and quality.

Approved David Kerzel
Title Chief Engineer
Date Approved November 16, 2010

This CE Declaration of Conformity may be used with new items until November 16, 2015 when the design, safety data, standards and directives must be reviewed.
