CE Declaration of Conformity

We Spraymation Inc. declare that the industrial equipment products listed below:

330, 331, 332, 333, 334, 340, 341, 342, 343, 344, 350, 351, 352, 353, and 354 are cold, low pressure, medium speed fluid

dispensing valve used to dispense fluids in industrial applications using compressed air to atomize the fluid. The various models have different flow characteristics and different sizes of atomized spray patterns.

See GR 300 and specific assembly drawing for full installation and operating instructions.

This item conforms to the following standards, directives or publications:

| Standard | Date | Standard Title |
|------------|------|---------------------------------------------|
| 2006/95/EC | 2006 | Low Voltage Directive |
| 2006/42/EC | 2006 | Machinery Directive |
| EN-60204-1 | 2006 | Electrical Equipment of industrial Machines |
| EN-982 | 2009 | Safety of Machinery - Hydraulics |
| EN-983 | 2009 | Safety of Machinery - Pneumatics |

Spraymation is registered ISO9001:2008 by LGA, certificate #QM_1922774 that expires on 1/12/2016.

CE mark is displayed on this item.

Design and Safety data are complete for this item, have been reviewed, are current, and conform to the standards and details listed above. The manufacturing and testing documents support and will maintain the indented design and quality.

Approved David Kerzel
Title Chief Engineer
Date Approved April 16, 2015

This CE Declaration of Conformity may be used with new items until April 16, 2020 when the design, safety data, standards and directives must be reviewed.
