## CE Declaration of Conformity

We Spraymation Inc. declare that the industrial equipment products listed below:

**76124-XX** is a Stainless Steel Pressure filter assembly and is intended for use with industrial fluids in industrial fluid dispensing systems to prevent tip or nozzle clogging in the dispensing applicator. The Stainless Steel filter housing has a 1/2-20 JIC end that attaches directly to many of Spraymation's applicators. See 76124 for full description, installation and operating instructions.

Conforms to the following standards, directives or publications:

Standard	Date	Standard Title
2006/42/EC	2006	Machinery Directive

Spraymation is registered ISO9001:2008 by LGA, certificate #QM\_1891492 that expires on 1/12/2013.

CE mark is displayed on this item.

Design and Safety data are complete for this item, have been reviewed, are current, and conform to the standards and details listed above. The manufacturing and testing documents support and will maintain the indented design and quality.

Approved      David Kerzel  
Title            Chief Engineer  
Date Approved    January 18, 2010

This CE Declaration of Conformity may be used with new items until January 18, 2015 when the design, safety data, standards and directives must be reviewed.
